

About the Seminar:

The concept of quality enhancement in academic institutions through regular academic audit and free online course (SWAYAM) has emerged as an important paradigm of teaching, research and development all over the country in view of the changes being introduced by the Government and different institutions associated with higher education. Moreover, the enhancement of quality is determined by different criteria in the context of the institutions which are aided by the government and assessed by the assessment and accreditation agency. The seminar focuses on

- a) Academic audit and changes in assessment of teaching.
- b) Free online courses (SWAYAM)
